INFORMATION

- 01 We recommend **not mixing levels in the same lesson** and in case that this happens, the instructor will always adapt the lesson to the student with the lowest level.

- 02 Private lessons between adults and children are not recommended, because the **teaching methodology is different**. Children need more attention from the instructor and a different vocabulary based on play and fun. Lesson time is better used if the **levels between students are similar** and this leads to a correct evolution of the lesson and progression in the levels.

- 03 Once the lessons have been confirmed we will send you a **confirmation link** and payment of the lesson deposit for your booking. The rest of the lessons and rental equipment can be paid directly at our shop on the day of arrival, arriving **1.5 hours before the lesson**.

- 04 In case of delay or no-show, it will not be possible to recover the time or request a refund. Only the tuition fees will be refunded, if they are **cancelled at least 48 hours** in advance, for medical reasons such as injury or illness, or the Ski resort is closed.
